COLLECT IN STORE

Select items on michaelkors.eu are available to buy online and collect in a store. You can check store availability from our product pages by selecting the "Collect in Store" option. If you have allowed the site to identify your location, we will show the availability of your product selection in nearby stores. If you have not allowed the site to identify your current location, you may enter a city and postcode to find nearby stores.

Typically, your items will be ready for collection within approximately 3 hours of placing the order. You will receive an email alerting you when your order is ready for collection. For same day collections, please ensure to place your order at least 3 hours prior to a store's closing. Orders placed close to or after this window might not be available for collection until the next business day.

A valid photo ID must be present and displayed at the time of collection. You will be charged for the order at the time you pick up your order at the designated store.

Orders will be held for 6 days from when placed before being cancelled.

Orders may contain both items shipping to an address as well as items to be collected in a store. Multiple collection locations are allowed but only one "ship to" location is permitted per order.

Item Availability

We have made every effort to display as accurately as possible the colors and features of our Products on the Sites. However, the particular technical specifications, displays and settings of your electronic device could affect the accuracy of the display. From time to time, information on the Site might contain typographical or visual errors, inaccuracies, or omissions that may relate to product descriptions, pricing or availability. In such a case, we will communicate it to you using the email and/or billing address/phone number provided at the time the order was made. If you decide not to purchase the Product, we will cancel your order and terminate the contract.

OUT OF STOCK

In most cases, when an item displayed on our website is no longer available, either the item will not appear on the site at all, or a message indicating the item is Out of Stock will appear on the product detail page. In some cases, however, due to inventory fluctuation, items that appear to be available when you place your order may, in fact, be out of stock. If this happens, we will notify you as quickly as possible that your order cannot be fulfilled. That item will be cancelled and you will not be charged for that item. Our Customer Services team would be happy to advise on an alternative item.
